Chapter 8

PLANE CONTINUA

8.1 Embeddability of continua in surfaces

8.2 Planability in general

8.3 Planability of graphs on of locally connected continua

(a) Kuratowski's graphs

(b) Claytor's examples of nonplanable curves

8.4 Separation of the plane

(a) Common boundary of plane domains

(b) Kuratowski's example

(c) Hereditary cut of the plane (Whyburn's curve)
